

GETTING TO KNOW YOU

Get a photo if at all possible (or ask our guild photographer for a photo) maybe a photo showing a show/share item? It is really good to have a face to go with the name!

The purpose of this section of our website is to get to know a member of our guild in a little bit different way. We don't usually get to know much about the background of many of our members. Our guild has grown so large and our meetings are so full of information, activities, and things to think about that we don't often have a chance to chat as much as we'd like or with as many people as we'd like. This is an opportunity for us to get to know you from a different perspective, kind of "up close and personal".

Please understand that this information is for the members' password-protected portion of our website. If you are uncomfortable with any question, just let me know. We can skip it. If you have other information you'd like to share, just chime in!
